

Family Ordering Explained

We have 700 of your favorite brands on ShopWithScrip®, and there are a few great ways to find exactly what you are looking for!

Browse the Shop

Clicking **Shop** at the top of the page will open up our full selection of stores. You can use the filters on the left side of the page to look at certain categories, like home improvement or grocery, or refine your selection by rebate percentage and available denominations. Under **Card Type**, select **ScripNow®**, **Reload**, or **Physical** to view products of that type. Use the sort option at the top to order them by the most popular, or by brand name to list them alphabetically. Hover your mouse over any of the logos to see that store's rebate percentage and available card types.

Do not forget to keep an eye out for our **Special Offers** ribbon on store logos to see bonuses! You can also click the **Specials** tab for a full list of current bonuses.

Under Family Functions, the Order History link is selected and highlighted. Below the navigation menu is a promotional banner for gift cards with the text "LET'S DO THIS" and "Shop Gift Cards >". The main content area is titled "Order History" and displays "Account Activity For Program Year 7/1/2014 to 6/30/2015". A sub-header indicates "Rebate Not Yet Distributed". There are two summary tables: one for "Contributions to Accounts" with rows for "Order Rebates" and "Voucher Rebates", and a "Total" row; and another for "Total Rebate for This Program Year to Date" with a "Total" row. At the bottom, there is a "Date Range:" dropdown menu set to "Last 7 Days" and two buttons labeled "SEARCH" and "RESET".
