Explanation: To determine TEAM POINTS for this meet, we took the first 3 runners for each school for each race and added up the numbers of each group. If a school did not have three runners for a particular race, they got one number higher than the last place person for that race. Grades with more runners pushed last places higher. This scoring method gives the slower runners for a school a feeling of being able to help their school win by adding to the total number even if they are not in the top 3 for their school. Each runner is rewarded with a certificate showing how well he or she did at the meet. **NOTE:** In each box on the FINAL TALLY SHEET, the # in the bottom right corner of each box is the running score for the meet.
